

Omo Table

The slender Omo table is carved by hand, its pierced form is sculpted from plaster. The range of colors in this metallic surface is pronounced, reflecting a broad range of its surroundings. The final pieces are cast in resin and then receive a metal leaf oxidized finish. Each table will be unique, slight variation is to be expected.

Height	17.5 inches	44.5 cm
Width	15.25 inches	39 cm
Depth	12.25 inches	31 cm
